**YOUR PRICE DROPS WHEN YOU HELP US DROP THE COST**

Our pricing gives you control over our cost of operations and we consequently share our savings with you.

We dare you to compare our prices against the real cost of doing business with any other supplier (including manufacturers)!

\* Open CDS account requires agreement to our terms & conditions on our application for credit and is subject to review and approval by our credit team.

**Toll Free Number**

Our toll free 800 number provides you with a low cost method of placing your orders, asking about product information, inventory levels or your scheduled delivery. It is useful in all areas of California and Nevada. Our toll free number is **1-800-632-2600**.

**FREE Delivery Services**

We deliver absolutely FREE when your order exceeds \$550.00 and you are located in our large Free Delivery Area (see our delivery area map). Any of our product lines may be mixed to achieve the minimum. Drop shipment – no problem, just ask.

**Scheduled Deliveries with our own trucks**

We offer a scheduled delivery service which means you know on exactly which day you will receive your order. This allows you to plan your inventory levels and restocking needs. And since we deliver with our own trucks, you won't be subject to the whims and ways of freight lines or traffic difficulties. You will be able to free your expensive drivers from time consuming pickups.

**Personal Attention**

In this day and age, good advice and expertise are often difficult to find. At CDS, our account managers have many years of combined sales experience! Ask your CDS account manager any time you need product information, pricing, or samples.

**We won't be undersold!**

If we are undersold, we'll admit it. But we won't give up trying to beat anyone else in price and service. Honestly, if you find any product sold at a lower price, tell your CDS account manager. We'll do our best to keep you competitive.

**Your Satisfaction is Guaranteed!**

You may return any item bought from us for a full refund of the purchase price, for any reason, within 48 hours of your purchase. All we ask is that you obtain return authorization from us in advance, the product is unused, undamaged and in original packaging. As a courtesy, returns older than 48 hours may be authorized but are subject to a 15% restocking fee. Sorry special order items cannot be returned.

**Payment Terms**

Payment is due in cash at time of receipt of product. A discount of 1%, calculated on the net invoice amount, is allowed for cash payment. Should terms of 1% - 15 days be more desirable, you may apply to our credit department for such an account. If approved by our credit department, your 15 day account requires that we receive payment in cash no later than 15 days from the date of invoice. A discount of 1%, calculated on the net invoice amount is allowed for payment within 15 days of the invoice date. We also accept Visa, Mastercard, and Amex as a convenience to you. No discount is applicable to credit card payments.

**Visit us on the web!**

Visit our website at [www.cdsadvantage.com](http://www.cdsadvantage.com) to learn more about our extensive product range, additional information about our organization and delivery services... and much more!

**We're on your team!**

Every customer CDS solicits and sells is a distributor reselling our products! We do not sell to end users, plain and simple! Just ask any of our other customers or suppliers. You'll find our integrity impeccable and our efforts to satisfy relentless.
